Paris, as any other exotic location, dazzles a person's eyes with the aforesaid reasons. Also, the beauty of Paris and the contrast of it from one's own city brings a feeling of excitement and experience that one has not felt before. Great place to rekindle romance and fall in love again because its spontaneous rather than routine.

**SHANGHAI** is much more Hong Kong than Bèijīng: there are no dusty imperial palaces here. Instead, European-style cityscapes and tempting, tree-lined neighbourhoods rub shoulders with the sci-fi skyline of Pudong. Shanghai was where China first met the West and it's still a frontier town, obsessed with the latest fads, fashions and technology.
